The Center's New Mexico Ethics in Business Awards are an annual recognition of for-profit businesses, not-for-profit organizations and individuals whose present or past work in New Mexico demonstrates the highest ethical conduct and social responsibility.

The Samaritan Counseling Center's New Mexico Ethics in Business Awards program began in 1999. By recognizing New Mexico companies, organizations and individuals who give leadership in ethical business practice, the Center continues to support a more ethical community while also raising funds for the Center's Good Samaritan Fund which provides financially-assisted counseling services to the community.

The Samaritan Counseling Center is a not-for-profit organization which helps people in central New Mexico find wholeness and healing through professional psychological counseling and education which integrate medical and spiritual resources. The Center is staffed by 21 professional therapists and provides services out of four office locations in the greater Albuquerque area.
